## Modular Workstations

**Workstations That Work As Hard As You Do.**

**In today's age of rapidly transforming businesses, workspaces are becoming increasingly dynamic.**

**A workspace is no longer just a place where people sit and work. It's an extension of our ideas, our personality, and the way we get our work done.**

Godrej Interio's Modular Workstations are designed keeping in mind the needs of new-age workspaces, and provide next-gen furniture solutions that inspire optimum performance.

Let's get working!

# Configuring Workstations

## Panel-Based Systems

Panel-Based Systems add depth to your office space. Their contemporary designs are not only pleasing to the eye, but also highly flexible in nature. These allow for office layouts to be planned around existing oddities within the workspace.

- Wish
- Frontier
- Xpress Office
- Wall Full Height Partitions

## Desk-Based Systems

Desk-Based Systems are workspace configurations with sliding worktops and monitor holders. These modules can be used for collaborative work when required, as well as individual focused work tables when not in a meeting mode.

### Features

- A workstation with numerous configuration possibilities.
- This contemporary concept is not only pleasing to the eye, but also highly flexible in nature, allowing office layouts to be planned around existing oddities within the workspace.
- It's designed to be able to fit into any office layout, by creatively utilising even ungainly outcrops such as pesky columns into the design of the workspace layout.
- This capability of being highly accommodative is possible because of the ingeniously-crafted horizontal panels that comprise its structure.
- The sleek gapless panels with their proportional visual lines provide the workstations with a modern look and feel.
- Creative layout plans can result in a variety of looks for offices, such as a single colour monolithic look, a classic wooden look, a multi-coloured tiered look, an artistic acrylic finish, or even a post-modern transparent or translucent glassy look. Colours can be chosen from the Spectrum range to suit different needs.
- The panels are available in thicknesses of 23mm and 52mm with wire management features in the 52mm panels.
- The top band of the panels come in a versatile range of options, such as clear glass, frosted glass, laminate, white board, fabric and magnetic board with fabric.

## Panel-Based Systems: Xpress Office

### Features

- Based on the Wish modular system, the new Xpress Office is a quick-buy option in modular office furniture, and a one-stop solution for all office interiors issues.
- Comes in four colour schemes to choose from, and with over 100 variants when different configurations and sizes are paired together.
- As all the upholstery and the switch-mounting provisions come assembled from the manufacturing plant itself, setting up an Xpress Office is quick and easy, needing only the installation of the modules at your location.
- With better delivery schedules and faster installation time, it is available in the EDP range of furnitures.

## Panel-Based Systems: Frontier

### Features

- The Frontier is the next step towards an all-modular workspace solution.
- Suitable for banking corporations with multiple branches across locations, as the Frontier is factory-finished, therefore allowing for all individual branches to have a uniform look and feel.
- Thoughtfully designed to ensure complete safety to the user as well as the visitor.
- Comes in a ready-to-install format from the manufacturing plant itself, thereby reducing the site completion timeline.
- Enjoy a clutter-free worktop, as it comes with provisions for concealed wiring in the panel itself.
